Fraud made by web-site

It is observed that, recently credit card and personal information of the persons are demanded by the web-sites with the reasons such as credit card debt questioning, promises of back payment of credit card due and that link addresses are spread by the mediation of spam type e-mails.

Once again, it is determined that credit card and personal information of persons were demanded by imitating the official web-site of our Agency through <http://www.bankalarbirliđi.com> .

Since the official web-site of our Agency is www.bddk.org.tr , our Agency does not demand anyways personal information or credit card information through internet. Save for the respect of taking the required legal action, it is obligatory that our citizens shall not give credit to credit card and personal information demands relating to fraud for preventing the probable unjust treatments.
