### **PRESS RELEASE RELATING TO PROFIT DISTRIBUTION OF BANKS**

As it is known, own fund size and quality is presenting a significant importance in respect of the protection of savings owners' interests and the fact that banking sector shall display activity in strong and healthy manner.

Within the scope of that, with a view to provide a contribution to banking sector for carrying on the activities more safely, with a view to leave profits and reserves, held under own funds, and profits made in years 2008 and 2009, by not making distribution even thereof were obtained previously, in banks, profit distributions that may cause cash outflow, are monitored by our Agency closely.

Within the scope of that, the portion of period profit of banking sector gained in 2008 amounting to TL 2.648 million of TL 13.421 million was distributed, and the portion composing the major part amounting to TL 10.773 million was left in banks. It is decided that the portion amounting to TL 3.030 million of TL 20.182 million of banking sector period profit in 2009 to be distributed.
